

Invitation

ANNUAL SUMMER UNIVERSITY OF THE ESDC DOCTORAL SCHOOL ON CSDP

03-07.07.2023 – Bucharest, Romania

Activity number 22-23/DOC/3

The Mihai Viteazul National Intelligence Academy and the European Doctoral School on CSDP have the honour to organise and to invite participants to the **Annual Summer University**. Organised under the aegis of the European Security and Defence College, the activity will take place from the 3 to 7 July 2023 in Bucharest, in a residential format.

The Summer University will focus on peace, security and defence in the current international security context, with topics related to security challenges in the Black Sea region. PhD fellows will participate in seminars and workshops on these topics. They will also have the opportunity to attend lectures and practical sessions regarding scientific writing and publication, research methodology, as well as to interact with mentors and experts from European institutions so as to draw from their expertise for their own research.

The overarching goal of the Summer University is to promote, foster and develop the PhD fellows' doctoral research and to further develop the European hub of research regarding CSDP and CFSP.

The ESDC is committed to an inclusive, gender-sensitive and anti-discriminatory environment. Only in an inclusive environment can all people, and therefore the ESDC and its partners, reach their true potential. We therefore particularly encourage applicants who are likely to be under-represented to apply.

We kindly invite all European Doctoral School on CSDP fellows to attend the Summer University, as the participation in this event will also contribute to the accomplishment of the required ECTS for an ESDC diploma.

The Head
of the
European Security and Defence College
Holger OSTERRIEDER

The Course Director
of the
Summer University,
Dr Ruxandra BULUC
